About me!

I am a frontend developer with 6+ years of experience, specializing in HTML, CSS, JavaScript, React.js, Next.js, and Git. I have worked with national and international companies, delivering high-quality, responsive, and user-friendly web experiences. My design skills are top-notch, ensuring visually appealing and intuitive interfaces. Additionally, I am the creator of the npm package 'stack-on-scroll,' showcasing my ability to develop innovative frontend solutions.

Explore my work by visiting my portfolio: **Saad Ahmad**.
